PROFILE SUMMARY

IT undergraduate and frontend developer with hands-on experience in React.js, Tailwind CSS, and full-stack web and mobile development. Skilled in building responsive, high-performance applications with clean architecture and smooth UI/UX. Passionate about problem-solving, quick learning, and turning ideas into practical, real-world solutions.

RELEVANT EXPERIENCE

FULL STACK DEVELOPMENT INTERN | SUMAGO INFOTECH PVT. LTD., NASHIK

- Assisted in front-end and back-end development tasks.
- Built responsive web interfaces.
- Debugged and optimized application performance.
- Worked collaboratively in a professional team environment.

PROJECTS

SMART E-COMMERCE PLATFORM

- Developed a cross-platform e-commerce application using React Native, MongoDB, and JavaScript.
- Implemented authentication and a product management system.
- Integrated MongoDB for backend data handling; designed and tested APIs using Postman.
- Improved UI responsiveness for a rural-focused, fast-delivery shopping experience.

AGRI ASSIST

- Built an AI-powered chatbot to help farmers with crop and weather insights.

PORTFOLIO WEBSITE

- Built a modern, animated personal portfolio using React and Tailwind CSS.

OBJECTIVE

Seeking an entry-level Software / Frontend Developer role in a reputed IT organization to apply my technical, problem-solving, and teamwork skills while contributing to impactful, real-world projects.
